MOVE UP MORNING

On Friday 4th July, the children will get some time in their new classes with their new teachers.

They should be taken to their new class in the morning, rather than their current class.

They will be doing some fun activities with their new teacher and support staff and will then return to their current class after morning play.

Their teachers will make sure they know where they should be going but SLT will be available to support if they are unsure

STAFF UPDATE

As many of you already know, at the end of this term we will be saying goodbye to James.

We have new members of staff joining us too
