Suffolks Primary school is surrounded by spectacular grounds, consisting of allotments, sports fields, an outdoor gym, orchard and small animal enclosures that include our very own chicken coup.

We also have our own school therapy dogs which are much loved by the children.

We foster a love of learning built on fun, curiosity and challenge. Our children feel successful and happy.

We work extremely well with our families, in partnership, to ensure that the children make the best start possible to their primary education.

Come and join us on our journey '**FROM GREAT TO AMAZING**'
